- Building & Safety
- Planning & Community Development
- Financial and Economic Analysis
- Energy and Sustainability

DESIGN ENGINEERING SERVICES

Development Review

We review and develop studies and reports for: Drainage, traffic impact, sewer, geotechnical, water, parking demand, and low-impact development (LID).

Staff Augmentation

We have highly trained, experienced staff available to complete and enhance your team. We deliver high-quality design projects such as: complete streets, bicycle facilities, bridges, parking lots, pedestrian facilities and ADA, transit facilities, and GPS asset inventory.

Design

Our design team develops master and management plans for: Sewer, storm drain, & water; ADA transition; safe route to school; active transportation; street lighting; and street trees.

Grant Writing

Our grant services include: Project scope definition, research, benefit-cost analysis, conceptual exhibit preparation, cost estimates, and project schedules.

Highlighted Experience

Highlighted Projects:

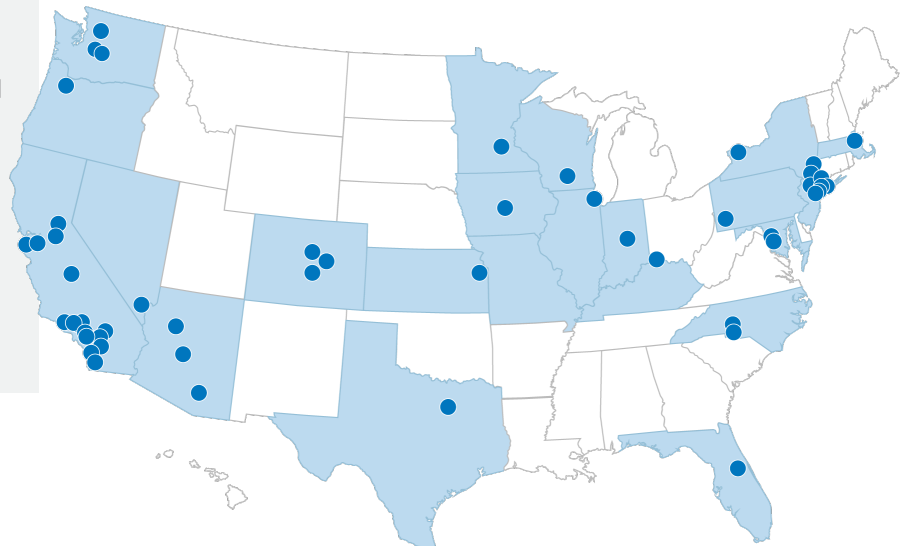

- Clarkdale Park Project, Hawaiian Gardens, Location Name
- Paramount Bike Trail Project, Location Name
- Lindero Canyon Rd. Bridge Project, Westlake Village
